Name of proponent:
Research Agenda (based on the National Mental Health Research Agenda): ___ Improved Mental Health Information System ___ Strengthened Leadership and Governance ___ Accessible, Affordable, Responsive and Holistic Mental Health Services
Working title of your project:
Statement of the problem: <i>What is known about the problem (i.e., current state of knowledge)? What is not known about the problem (i.e., gap in research or practice)? What specific aspects of the unknown will your research address?</i>
Significance: <i>What is the importance of getting answers? How is your research linked to the institutional and national research agenda?</i>
Research objectives:
Overall approach: <i>Briefly mention how you propose to answer the research question. The intent of requesting this information is to check if there are scientific, feasibility or ethical concerns that may need to be considered in designing the study.</i>
